11 Comments of monitoring agency, if applicable

(i) Comments on use of funds

1. The company has utilised ₹ 178.3 million excess amount for GCP. This is within the limit stipulated in prospectus of 25% of gross proceeds. The shortfall caused due to this expenditure is resolved by the board to be funded through internal accruals in order to fulfil the commitment of capex of ₹ 603.95 million, in line with declaration in the prospectus. As of September 30, 2024, the unutilised funds for this object were ₹148.1 million. Additional ₹34.9 million was funded through ₹24.8 million meant for repayment of borrowings and ₹10.1 million earned from interest on FDs.

2. The funds received from issue proceeds were utilized towards repayments and prepayments of term debt and working capital facilities, as per the objects of the issue. The amount was transferred to the current account of the respective bank and subsequently it was transferred to the individual loan account. The same has been verified through current account statement, loan closure statement and no due certificate from lenders.

3. The GCP amount is more than the estimated amount as per the prospectus. However, the same is within the 25% cap of gross proceeds i.e., ₹ 600.00 million.
